STUDIO

Spaces shaped around context, craft, and lived experience.

Urban Mistrii designs environments that feel resolved, human, and quietly memorable. Each project begins with the conditions of site, client, and community, then moves through planning, architecture, interiors, material systems, and detail direction as one coherent spatial story.

Our work spans architecture, interiors, hospitality, workplace, and spatial installations, with attention to atmosphere, movement, mood, and the practical realities of execution.

SERVICES

From first idea to lived-in detail.

Architecture

Concept design, planning, massing, facade language, drawing coordination, and site-led spatial strategy.

Interiors

Homes, hospitality, retail, and workplaces resolved through layouts, materials, lighting, furniture, and styling.

Hospitality

Restaurants, cafes, bars, hotels, and experience-led environments designed around memory, movement, and mood.

Execution Support

Vendor coordination, finish schedules, and on-site decisions that keep the final space aligned with the concept.

SELECTED WORK

A portfolio across hospitality, residential, workplace, and architecture.

RESIDENTIAL /
ARCHITECTURE

The Pool House

A 1,800 sq ft prefabricated farmhouse extension in Chhatarpur, Delhi, shaped as a retreat for a multigenerational family. The project uses LGSF construction, a glass-and-metal envelope, a tapering cantilevered roof, and warm interior finishes to connect pool, garden, and family life.

LOCATION	Chhatarpur, Delhi
AREA	1,800 sq ft / 167 m2
FOCUS	Prefabrication, sustainability, family retreat

HOSPITALITY / RESTAURANT

Padmanabham

A restaurant environment built around warmth, ritual, and a memorable sense of arrival, using layered lighting, carved surfaces, deep seating, and brass-toned details.

RESIDENTIAL / INTERIOR

Ivory House

A soft residential interior shaped for everyday comfort, with light-toned surfaces, warm accents, and balanced storage so the home feels open without losing utility.

HOSPITALITY / EXPERIENCE

MAD

A bold hospitality project with a sharper visual tempo, designed around guest movement, high-recognition moments, and a spirited material language.

RESIDENTIAL / RENOVATION

The Hill House

A 2019 family summer-home renovation near Shimla, re-planned around daylight, ventilation, a new light-well stair, and revived neo-gothic character.

WORKPLACE / COMMERCIAL

Metro InfrasyS

A workplace designed for clarity and repeated use, with efficient circulation, composed surfaces, and a focused material palette.

HOSPITALITY / MICROBREWERY

Clinque / T-Groove

A Noida venue designed as a transition from tropical outdoor dining into a denser, theatrical interior built for changing hospitality rhythms.

HOSPITALITY /
RESTAURANT

SEOUL

A 1,850 sq ft Korean restaurant in Saket designed around communal dining, integrated table extraction, durable materials, group seating, and culturally rooted gathering.

LOCATION	Saket, New Delhi
----------	------------------

AREA	1,850 sq ft
------	-------------

FOCUS	Communal dining, extraction, durable materials
-------	--
